WHAT IS YOUR TEACHING PHILOSOPHY/CREED?

I believe that children are simply adults-in-training, and should be treated as such. It is important to always assume competence and to set high expectations for them so that they can unleash their full potential. My goal is to be a guide for them and to create life-long learners who have the skills to satisfy their own curiosity and learning needs.

IF YOU WIN, HOW WILL YOU ALLOCATE THE TEACHER AWARDS PRIZE MONEY?

I would put the money toward creating a maker space in our school for students to create, play and collaborate.
